Where are Chris's Wedding Photography Packages available?

Chris's Wedding Photography is available in Dorset and surrounding areas including Bournemouth, Poole, Southampton, Weymouth, Bridport, Dorchester etc. and some locations countrywide with a mobile studio.

What Camera Equipment Does Chris use for his Wedding Photography?

Chris has invested in the best Photographic equipment available to ensure he never lets you down with his image quality. He shoots with both Sony and Nikon cameras having two Nikon D700's with a selection of Pro lenses including Nikon 24-70 f2.8, Nikon f2.8 70-200mm VR11 & three Nikon flash as well as special Rotolight portrait kit. This is to ensure maximum image quality at all times. Every single photograph gets Chris's undivided attention via his Creative Pro-Photography editing suite. All photographs taken are saved directly on to pro standard Compact Flash cards (SanDisk) for ultimate security.

How do you get the Right Wedding Photographer?

It's always advisable to book as soon as possible to avoid disappointment. Beware that other bride and grooms maybe looking to book your wedding date too! So it's sensible to plan as far ahead as you can when booking both your venue and then the photographer.

Bookings can be confirmed with a £100.00 deposit or payment in full with 50% of the remaining balance due no less than three weeks prior to your wedding date. The final balance is due after your wedding. (Different terms may apply to certain wedding packages)
